

# THE DEMING GRAPHIC.

ISSUED EVERY WEDNESDAY - - - - - TWO DOLLARS PER ANNUM

N. S. ROSE, EDITOR AND PROPRIETOR.

**A** LOOK AT the advertising columns of the Alamogordo News tells the reason of that town's rapid advancement.

**T**HE BIGGEST question in the west today is that of water for waterless land, and the watered land for landless men,

**M**R. CARNEGIE is buying fossils for his museum, but he never had any use for them in his business.

**T**HE FARMINGTON times and Hustler have consolidated and are now being issued as the Times-Hustler. The new paper is a seven column folio and under the management of Messrs Butler and Prewitt should be a power in building up the interests of San Juan county. We wish these gentlemen abundant success in their venture.

**A**N ARIZONA exchange observes, "After several attempts during the early part of the day, the weather clerk got the faucet turned on just right and a heavy down pour of rain set in. Some hail also fell. This probably marks the close of the good old sizzling hot summer days." They ought to move to New Mexico and avoid such days.

**T**HERE IS a prize for the best fruit exhibit shown at the territorial fair this fall and the Mimbres valley can have it if they try we have the fruit and it should be exhibited at the fair, as the advertisement we would get for this community would be worth much more than the \$300. There is but little time left and we must be up and doing if we expect to win.

**A** WRITER in El Paso Herald in a recent article on the greatness of Mexico, said: "Mexico is a great country and is destined to be greater. She has 900 miles of railroad and is building more." It is 1200 miles from El Paso to the City of Mexico and the Mexican Central advertises to take passengers through without change of cars. How they must have to stretch that 900 miles of track.

**P**UBLIC meetings ought to be held by the owners of land in the Rio Grande valley in every district between White Rock canyon and Las Cruces, and the land should be pooled, and pledged to the government by the owners just as though it was open public domain, to secure the building of big dams for irrigation.

**A** COMPANY has been formed for the purpose of making another effort to work the immense gold placers of southern Santa Fe county near Golden. It has been known for years that this field contained large amounts of gold but there is no water to work it and the dry processes tried have not proven successful. Now it is proposed to save the storm water from the mountains in reservoirs and use them; it is a big undertaking but if it proves successful will develop great wealth.

**I**T HAS BEEN suggested to us that many of the school children leave home very early in the morning and as they cannot enter the school grounds until 8:30 are left to wander in the streets until that time. This is quite an annoyance to the teachers as they fear something may happen to the children during this time that they are not under the care of either parents or teachers. Parents should note this and not allow their children to start to school until 8:30 in the morning.

**E**L PASO is going after the next Irrigation Congress and it is quite likely that she will get it. A meeting of the business men of the town was held a short time ago for the purpose of sending a delegation to Ogden to work in her interest and in commenting on this meeting the News of the 8th. said: "The business men of El Paso have forgotten all political animosities and are a unit in their efforts to secure for the Queen City of the southwest the next annual convention of the National Irrigation Association." That is the point. The business men and citizens of any place must unite to help build up the place and when the opportunity comes to advertise the town they should count nothing too much trouble to gain their end. Deming can have almost anything she wants if her people will go after it in that way.

**A** CITIZEN OF Deming said the other day in talking about the territorial fair. "If Luna county does not have an exhibit at the fair it is the same as saying she has nothing to exhibit." That is just the point, and the hundreds of eastern people who are at the fair looking over the advantages, offered by different parts of the territory will view it just that way. They will see fine fruits grain and mineral from Bernalillo, San Juan, Chavez, Socorro, Dona Ana and other counties and when Luna is mentioned to them they will say. "Where is Luna's exhibit? and when told that the people there did not have the enterprise to send one they will lose all interest in her and turn their attention to the others. The time is short and we should be at work. The Mimbres valley will furnish the fruit and the Cooks Peak and Florida districts have promised the ore. It is now up to Deming.

## About Your Trip East.

Tell me what point you wish to reach, whether you will travel first or second class, and when you will leave home, and I will quote rates, give you full information about our service and mail you literature describing the many interesting sights and scenes along our line.

I will also send you a folder which gives full information about the Rock Island's tourist sleeping car service to Kansas City, Chicago, St. Paul, St. Louis and Memphis.

The Rock Island is the only line operating through train service from Southern Arizona to Kansas City and Chicago.

Full information at Southern Pacific ticket office or by writing

H. F. COX, General Agent, El Paso, Tex.
